ANNUAL REPORT OF THE

PRESIDENT BOARD OF TRUSTEES

-OF THE-

NORTH CHORGIA AGRICULTURAL COLLEGE

To the Trustees of the University of Georgia:

Gentlemen:—I have the honor of making to you the eleventh annual report of the North Georgia Agricultural College:

The attendance of students the past year shows a falling off from previous years. This was owing almost entirely to the withdrawal by you of the sum of fifteen bundred dollars from the support of the Institution. The announcement of this fact, made after our Commencement last year, had a paralyzing effect upon the faculty, and many of the students, supposing that some, at least, of the faculty would resign, declined to return. The professors, however, volunteered to teach on until the matter could be, if possible, reconsidered. Prof. J. Singleton, however, resigned his position in November last. Notwithstanding your action was reconsidered at your meeting in Atlanta, your Treasurer has not been able to send us the whole amount, a balance of \$500,00 remaining unpaid. The result has been that we find an indebtedness hanging over us—due to the different professors and teachers.

REORGANIZATION, &c.

The money at our command will not enable us to keep the Gollege up to the high standard it has heretofore maintained. The protracted sickness of Col. Lewis, President of the College, during the last spring session, (necessarily depriving the Institution of his services) as well as the almost constant a sence of Lt. Hoyle, Commandant

of Cadets, on account of sickness in his family, during the past year, has forced an unusual amount of labor upon the balance of the faculty. This subject has caused much dicussion in our Board, and as a means of arriving at some conclusion in regard thereto, our Board of Trustees on June 14th 1883, passed the following preamble and resolutions:

"Whereas, Owing to the demands made on this Institution for teaching force, and the total inability on the part of the Trustees, from lack of money, to meet these requirements, in the opinion of the Board the time has arrived when the labor heretofore imposed upon our professors and teachers, should be re-adjusted. Be it therefore

RESOLVED, That the Board of Trustees of the State University be requested, at their July meeting, to take such measures as will enable us to organize the faculty of the N. G. A. College upon such a basis as will secure the greatest efficiency, and also enable us to regulate the salaries of our professors upon a basis of equity and Justice.

RESOLVED, That the President of the Board, Col. Wier Boyd and A. G. Wimpy, act as a committee to confer with Col. D. W. Lewis and the Trustees of the University of Georgia, in reference to the matters in the foregoing resolutions."

We trust that you will not fail to give this matter your immediate attention.

It has been the hope of our Board, that we should some day be able to do all that the act of congress expects an Institution supported in part out of the Land Scrip Fund, to perform. We confess, in sorrow, that we cannot do it. The withdrawal of support from us by the University—the frittering away of the Land Scrip Fund—caused by the unwise acts of the General Assembly—will not allow us to accomplish what we otherwise would have done. Hereafter, we must be content with such a school as the means we have will support. Whatever sum of money is given us should be fixed, and not summarily withdrawn, or any part of it, without some previous notice.

THE NEW COLLEGE BUILDING.

The College was burned down on the 20th of December, 1878. Early in the year 1879 we began to rebuild, the money being borrowed for that purpose. Our faith in the State was implicit, although the General Assembly delayed appropriating any money until the fall of 1881. The following will show

WHAT HAS BEEN EXPENDED.

Expended to May, 1880,\$	8,035.98
Expended from May, 1880, to December 31, 1881,	6,901.59
Paid by Treasurer from special fund on account of tin roof	500.00
Expended from January 1, 1882, to July 1, 1883,	1,462.20
July, 1883: Paid on interest account to date,	985.69
-	
*	17,885.46

Credited by first appropriation from the State,...... 10,000.00

When the last appropriation of \$10,000.00 was made as	follows:
Borrowed from sale of Price Bonds,	\$ 3,066,04
· from T. H. White fund.*	. 500.00
" from teachers' fund	2,500.00
· from W. P. Price, (balance 1882.)	. 357.15
True W. P. Price, purchase of desks, freight, lumber, etc., a	s
per vonchers in hands of L. Cobb, Treasurer,	. 1,462,20

* 7.885.47

*Mr. Thos, H. White, of Cleveland, Ohio, after the fire, contributed \$500 to the library of the college, but to be used if necessary in rebuilding and afterwards to be restored to the library fund.

NEW WORK.

Since the 15th of June, the work of finishing and completing the college building has commenced. The following is the estimate for the work yet to be done:

the work yet to be done;	1
Mr. Artope, wood-work	,770.00
Mr. Enbanks, plastering (21 ets. per square) about	500.00
Mr. Crisson, rock walls etc	315.19
McCombs, Meakin & Co., 3 iron columns	113.50
Freight on sune	12.00
Painting(not yet contracted for) about	375,00
To complete the outside, porticos,	800,00
·· · · granitizing, penciling, etc.,	400.00
" basement,	600,00
For fencing, about	275.00
Due architects	200.00
—— 将i	,290.69
Total of former expenditures,	,784.51
E-Avi	

\$23,075,20

TEACHERS

Under the authority conferred upon our Board by the General Assembly of Georgia, we licensed fifty-five teachers to instruct in the common schools of the State this fall. About forty of the students thus ticensed are now engaged in the work of teaching. The benefits thus conferred upon the children of the State are many and important. These teachers to-day are doing more to bring about a permanent and uniform system of schools in the State, than any other means so far brought to bear.

WEIGHTS AND MEASURES.

One of the very last official acts of the late Governor A. H. Stephens was to direct that a beautiful set of weights and measures—turnished by the government authorities at Washington—should be sent to the North Georgia Agricultural College. They have been received and placed in the college.

NUMBER OF STUDENTS.

Our catalogue shows that one fundred and twenty-seven young men

and young ladies have been instructed in the college. A school for primaries was taught in the building located upon the college premises, but as the teacher was not paid by our treasurer, we have not seen proper to place their names in the catalogue.

INDESTEDNESS TO TEACHERS.

The sum due to our teachers up to the first of July last was \$1,524.96.

IN CONCLUSION,

We beg to express the hope that the future relations between the University and College will be as pleasant at d profitable as they have been in the past. The work we have done in the past ten years cannot be estimated, yet we see generous fruits of this labor on every hand. Measured by our success in the past, the benefits of another ten years will push the State of Georgia very far forward in the march of intellectual and moral progress as well as material prosperity.

Respectfully submitted.

W. P. PRICE,

Approved July 13, 1883.

President Board of Trustees.

Roll of 1882 and 1883.

COURSE OF STUDY.

→ & COLLEGIATE DEPARTMENT. > 3 --

FRESHMAN CLASS.

LATIN.—Caesar: Sallust: Ovid; Allen and Greenough's Grammar.

Greek.-Harkness's First Book; Reader.

Mathematics.—Wentworth's Algebra: Wenthworth's Geometry, through the sixth book.

NATURAL SCIENCE. -- Natural Philosophy: Physical Geography.

ENGLISH LANGUAGE AND LITERATURE.—Elementary Rhetoric: Composition: Elecution.

SOPHOMORE CLASS.

'Latin.—Cicero's Orations; Virgil; Horace's Odes; Allen's Prose Composition; Roman Antiquities.

Greek,-Prose Composition; Anabasis; Homer,

Mathematics.—Wentworth's Geometry, completed: Plane and Spherical Trigonometry, (Wentworth); Murray's Sarveying.

NATURAL SCIENCE .- Chemistry: Agriculture.

ENRISH LANGUAGE AND LITERATURE. Higher Rhetoric; Elocution; Composition.

JUNIOR CLASS.

Latin.—Horace's Satires and Epistles: Cicero's Ethical Works: Prose Composition: Roman Antiquities.

Greek.—Prose Composition. (Arnold): Herodotus: Xenophon's Memorabilia.

 $\label{eq:Mathematics} \mbox{Mathematics}. --\mbox{Loomis's Analytical Geometry: Miller's Descriptive Geometry: Church's Calculus.}$

NATURAL SCIENCE.—Physics: Mechanics.

English Language and Literature.—Mental Philosophy: Political Economy: Composition: Elecution.

SENIOR CLASS.

Latin, - Tacitus; Quintilian; Juvenal; Original Composition.

GEEEK. Prose Composition: Alcestis of Uripides; Antigone of Sophocles: Prometheus Vinetus of Æschylus.

Mathematics. - White's Astronomy.

NATURAL SCIENCE.—Mineralogy: Geology,

English Language and Literature.—Moral Philosophy; Logic: Composition: Elecution; Select Reading from Standard English Authors.

BACHLLOR OF ARTS DEGREE. - Young men who satisfactorily com-

plete the above course of study, will graduate with the degree of Bachelor of Arts.

Young ladies who complete the same course, French taking the place of Mechanics and Military Science, will graduate with the same degree.

YOUNG LADIES DEPARTMENT.

To graduate in this department it is necessary to complete the courses in Latin; English; Greek, through Xenophon, or French instead: Mathematics through Sophomore: Science through Junior, and in addition Botany and Household Economy.

Botany,—Object Lessons: Botan'st and Florist; Class Book, (Weed's): Apgar's Plant Analysis; Chapman's Southern Flora.

Household Economy.—Manual issued under the Kitchen-Garden Association.

SOPHOMORE FRENCH,—Introductory Grammar: Collet's Anecdotes; De la Bedollierre.

JUNIOR FRENCH.--Larger Grammar and the Philosophe sons les toits; De Stael; Fenelon.

Senior French.—Readings from Racine and Le Roman d'un jeune Homme Pauve; Grammar completed.

PREPARATORY DEPARTMENT.

SECOND CLASS.

Exclish.—Swinton's Grammar and Composition: History of the United States.

LATIN. - Allen & Greenough's Latin Method.

MATHEMATICS.—Arithmetic; Inventional Geometry.

Geography: Penmanship; English Grammar; Composition: Elocution.

FIRST CLASS.

English.—Swinton's Grammar and Composition.

LATIN, -Latin Method and Extracts from Gæsar,

 $\begin{tabular}{ll} {\bf Mathematics.--Robinson's A vithmetic: Robinson's Elementary Algebra. \end{tabular}$

Geography: Physiology; Penmanship; English Grammar: Composition; Elecution.

PRIMARY DEPARTMENT.

The College has had since its organization a well attended Primary Department for those pupils over seven years of age, whose attainments do not admit of their entering the Preparatory Department. To enter the latter department the pupils must pass an examination showing that they can read correctly, write legibly, and that they are prepared on primary geography, and in arithmetic, to decimal fractions.

MILITARY DEPARTMENT.

This department is under the immediate command of 1st Lieutenant George S. Hoyle. First United States Cavalry, a graduate of the United States Military Academy at West Point. The cadets are organized into a battalion of two companies, which latter are officered by cadets, selected by the Commandant, and chosen for their proficiency in drill, amenability to discipline and high moral character. The military organization secures the enforcement of discipline with greater ease and less friction than any other, while the responsibility of the cadets themselves for the observance of the regulations, inspires a greater trustworthiness and firmer moral tone than can be obtained by any possible system of outside espionage.

THEORETICAL INSTRUCTION.

Recitations by cadst officers only in Upton's Infantry Tactics, accompanying and proceeding with its application upon the drill-ground. A like instruction in the United States Artillery Tactics. In addition, lectures by the Commandant upon various living military topics, readings and discussions of military works, etc. It is desired here rather to give the pupil a general knowledge of those fixed military principles which underlie the whole art of war, than to burden his time with the acquisition of technical military instruction, desirable only for the professional soldier.

INFANTRY DRILL.

The members of the battalion are drilled in the several schools in order: School of the soldier, (including bayonet exercise,) of the Company, (including skirmish drill,) and of the Battalion. We find that the drill gives to the student exercise which is absolutely essential to health of body and mind, and which many of them would not take unless required to do so. The cadets are drilled daily. Sundays excepted, when the weather permits. The drill hour is taken from the time allowed for recreation and exercise. The Battalion had 120 members during the past year, some of whom have been regular attendants for three years.

ARTILLERY DRILL.

The officers, non-commissioned officers and picked privates are frequently drilled in the Manuel of the Piece, circumstances, at present, preventing further progress in this drill.

GYMNASTICS.

In addition to the drill, gymmatic exercises, upon aparatus provided by the Commandant and the cadets themselves, performed only under the direct example and and observation of the Commandant, have been found extremely useful in improving and developing cadets of unusual lack of symmetry or great muscular tenuity. The striking improvement in the physique, the health, and the manly bearing of cadets after a single term's attendance, speak volumes for the value of the military feature of this Gollege.

PHYSICAL DISABILITY.

Military drill and discipline are obligatory upon all male students above 15 years of age. Should a student be unable to perform the duties required in this department, he will be given a modified instruction suited to his strength, but no cadet will be excused from drill or modified instruction except by a vote of the faculty, at a meeting of the same, and upon satisfactory evidence and reason that the student should be thus exempted.

ARMS.

We have at present 150 Cadet Springfiel 1 rifles (breech-loaders) and accoutrements, and two three-inch wrought-iron guus and carriages, furnished by the General Government. A liberal supply of ununition is also furnished yearly.

Target practice is frequently indulged in, under the supervision of the Commandant, and the scores made are very creditable. Creedmoor

targets and rules are used.

UNIFORM.

Uniforms are worn at all military drills and formations. The students in the Military Department are required to provide themselves with uniforms, consisting of coat, pants and cap, within one month from the time they enter the college.

Arrangements have been made by which the cadet uniform, of splendid material, style and finish, can be obtained promptly, and at minimum wholesale prices—the cost of coat, pants and vest, being \$20.00. The cap can be obtained in the town; price \$2.00. It is not required that cadets off duty wear the uniform, but at the prices quoted it is the most economical clothing obtainable, the cadets pretty generally taking extra pains to keep their uniforms clean and neat.

OFFICERS OF THE CADETS.

GEORGE S. HOYLE,

Commandant of Cadets.

W. F. JONES,

Acting Adjutant.

COMPANY OFFICERS.

Co. A.

G. T. Wills, Captain,

W. F. Jones, 1st Lieutenant,

J. W. Boyd, 2d Lieutenant,

J. A. Wills, 1st Sergeant,

C. N. King, 2d Sergeant,

R. E. Junkin, 3d Sergeant.

W. W. Burckhaltar, 4th Sergeant.

C. T. Standard, 5th Sergeant,

J. A. Wardlaw, 1st Corporal,

W. V. Lanier, 2d Corporal.

J. M. Hill, 3d Corporal,

W. A. Hill, 4th Corporal,

G. T. Durham, 5th Corporal.

Co. B.

W. H. Key, Captain.

W. S. Coleman, 1st Lieutenant.

T. C. Wilson, 2d Lieutemant,

N. A. Fricks, 1st Sergeant,

E. S. Copeland, 2d Sergeant,

W. C. Martin, 3d Sergeant,

J. A. Major, 4th Sergeant,

L. T. Moore, 5th Sergeant,

E. W. Green, 1st Corporal,

W. R. Chamblee, 2d Corporal,

J. M. Fisher, 3d Corporal.

N. G. Canning, 4th Sergeaut,

E. J. Perry, 5th Corporal.

INFORMATION.

APPARATUS.

A valuable Philosophical and Chemical Apparatus, as well as useful and instructive Astronomical Apparatus, have been purchased and are now in use in the Department of Natural Science.

SOCIETIES.

Two Literary Societies have been organized by the young men of the College, to-wit: The Decora Pakestra and the Phi Mu. The young ladies of the Institution have also a Society composed of their number, called the Corona Hedæra Society. These Societies have done a great deal toward the improvement of the students.

EXPENSES.

In estimating the expenses of students, all the principal borrding houses have been visited for the purpose of giving correct information. with the following results: For monthly expenses of board and washing, \$8.00, \$11.00, \$12.00, \$15.00. Many of the students bring provisions from their homes, and thus reduce their expenses in money to \$3.00 per month. Many others live at a monthly expense of \$6.00, by furnishing provisions and paying about \$2.00 for room and cooking.

Annual expenses for books, paper, etc., from \$10.00 to \$20.00, and uniform, (wern all the time,) consisting of cap, blouse and two pairs of pants, \$20.50.

From the foregoing data we find that the average daily expenditure can be brought down to twenty-nine cents, varying from that to seventy-five cents. Everything above this may be considered as decided extravagance on the part of the student.

LOCATION.

Dahlonega is the county site of Lumpkin county, and is a town of six or seven hundred inhabitants, exclusive of students of the College. It is twenty-five miles from Gainesville, on the Richmond & Danville Railroad, and about seventy miles north of Atlanta. It is in the centre of Northeast Georgia, fifty miles from the lines of the adjoining States of Tenne see, North and South Carolina. The mountains lie all around and about the place, rendering it one of the most beautiful and romantic places in the South. Fine freestone water abounds everywhere, and mineral springs within easy walk of the Cellege building, that are regarded by eminent physicians and chemists as containing medicinal properties for the cure of many of the diseases which afflict residents of the low country, to wit: chills, fevers and malarial diseases generally, and are especially recommended for rheumatism and dyspepsia. There are three churches in the place—Methodist, Baptist and Presby-

11

terian. Two Sabbath Schools are regularly kept up. The Signal is published weekly in the place, by Messrs, Sutton & Son. Its columns are always open for the publication of original compositions by the students, and it at all times lends its influence to the advancement of the best interests of the College, and the diffusion of useful information concerning it, its experiments, examinations, etc.

Students, on their arrival at Gainesville, will take the daily back line for Dahlonega. Fare ranging from \$1.50 to \$2.00

FALL SESSION.

The next lall Session, which is the beginning of the scholastic year, commences on the first Monday in September 1883 and continues without interruption until the first of February, at which time the Spring Term begins.

ADMISSION FEE.

No tuition fees are exacted. An admission fee of five dollars each is paid by those who are not in indigent circumstances. Those who are are furnished with cards of admission by the Relief Committee. Just as soon as our means will allow, it is the design of the Board to require no tee whatever. The admission fees go entirely to defray the expenses of wood and repairs on the building, as there is no fund from which to meet these demands.

OBJECTS.

The educational intelligence afforded by this Institution is especially designed to prepare the pupit for:

- 1. The business and the enjoyment of practical Home and Farm life.
- 2. The higher classes in the University of Georgia.
- 3. The profession of teaching; and as a passport to the same, Certificates of Proficiency in the studies of the several departments, and of qualifications to teach, will be granted by the Trustees to students showing diligence, aptitude and progress in their education. The Faculty, by express authority of the Legislature, can grant lice uses to the students in this Institution to teach in the State schools, without further examination.

LEGISLATIVE ACT.

An Act to establish a Normal Department in the North–Georgia Agricultural Cellege, at Dahlonega, and to more efficiently provide for the Military Department of the same, and for other purposes.

SECT. 1. Be it charted by the General Assembly of the State of Georgia: That as soon after the passage of this act as practicable, the Board of Trustees of the North Georgia Agricultural College shall be required to organize more fully and efficiently a Normal Department in said College. Said Board of Trustees shall, in connection with the State Board of Education, adopt such rules and regulations as may be

necessary and proper for the free admission of such pupils, male and female—not less than one from each county—as may express the desire and intention of following the business of teaching: the object being to provide, as early as possible, a sufficient number of able and efficient teachers for the Common Schools of the State, and to provide others, as may be demanded, from time to time. Said Board of Trustees shall have power, under terms agreed upon before the admission of pupils to this department, with consent of the parent or guardian, to send said pupils, during the fall months, to teach remote schools not otherwise provided for.

Sect. 2. Be it further enacted, by the authority aforesaid. That said Board of Trustees shall be authorized to contribute to the support of such teachers as may be sent to remote school districts, from any fund in their hands not otherwise specially appropriated, such sums of money, which, taken with such aid as may be secured from patrons, as will enable them to properly subsist while so engaged; but nothing contained in this section shall authorize the schools so taught to be kept for a longer period than three months in any scholastic year. Said Board of Trustees are also authorized to provide room reat free to such pupils while attending the Normal Department, and such other aid as will enable such pupils to subsist upon the most economical plan. And the certificate of proficiency and license to teach, which may be granted by the Faculty of said College to said pupils as may be found qualified to teach, shall be countersigned by the President and Secretary of the Board of Trustees, and bear the seal of said Inst'tution; and the persons holding such certificates and licenses shall not be required to undergo an examination, or procure a liceuse from any Board of Education or County School Commissioner, before they can teach in any of the Common Schools of the State, where they are employed by the patrons of the school. Approved Feb 23 1877.

LIBRARY.

The Institution has only a limited number of volumes at this time, a large number having been destroyed by the fire of 1878. Generous contributions have found their way to the College during the past, which we trust will be largely augmented in time. To make up this deficiency, the large and valuable library of President Lewis, equalled by but few, if any, private libraries in the State, has been generously thrown open to the use of students, for which the Trustees feel profoundly grateful. The privilege of his library has been of immense benefit to the College,

We shall be pleased to receive contributions of books, pamphlets, rare old papers, and pictures of prominent authors, statesmen, educators, plilanthropists, divines, lawyers, physicians, artizans, musicians, as well as those who distinguish themselves in any other of the honorable pursuits of life. These will have a conspicuous place assigned them in the College.

A FEATURE.

Distinctive, Valuable, Unequalled.

This Institution has a place for a pupil of any grade of scholarship, from the first term or class of the Primary Department, through the Senior class of the Bachelor of Arts course. Hence, the value to families. Parents, with sons and daughters, from five to twenty-five years of age, come and take up their residence here for these advantages, and thus enjoy, while their children are being educated, the blessings of a family with all at home—freedom from anxiety for children sick at a distant boarding school—the influence of home and of parents, valuable to sons, essential to daughters—and the influence of an unconscious education of the younger pupils, which is derived from their observation of the manners, the proper language, the propriety of dress, which they daily witness in the older and better cultivated pupils, and the attention, assistance and protection which older brothers and sisters can give to the younger when in the same school.

MEDALS.

The following gold medals were awarded at the close of the session of 1882-3:

The "Citizens' Medal" for best English Composition, to Ernest S. Copeland Dahlonega Ga.

The "Trustees' Medal," for best record in Science, to M. W. Stanton, Pairmount Ga.

A medal for best record in Latin, to R. L. Lougstreet, Gainesville, Ga.*

The "Corona He larra Medal" for best Recitation, to Miss Belle Price, Dahlonega Ga.

The Medal for best Record in Botany, to Miss Doris E. Stow, Dablonga Ga.

Stunton, M. W., *		*-		Gordon county.
Wills, G. I				Jackson county.

GOVERNMENT.

The following rules have been adopted for the government of the College, and others will be added when deemed advisable:

- 1. Whilst the College is in session the students are under the direction of the Faculty.
- 2. Pupils may enter the College at any time during the session, but it is advisable that they should enter at the beginning of a ter... The reasons for this rule are too many and obvious to be repeated.
- Every pupil is required to attend the opening exercises every morning, or be marked for neglect or tardiness, unless excused.
- 4. The Holy Bible shall never be excluded from among the books that are used in the Institution.
- 5. As divine service is held nearly every Sabbath in the year in the churches of the town, it is expected that each student will attend divine service at least once every Sabbath; and for irreverent behavior while attending church, shall be suspended, or otherwise punished, according to the offense.
- 6. Regular attendance upon recitations is so important that none will be excused, except where necessity will justify their absence.
- 7. No pupil shall be allowed to leave before the close of the session, except upon the request or permission of the parent or guardian.
- 8. No student shall be received of known immoral habits, nor where they have been expelled from other institutions, except upon satisfactory evidence of reformation, which will be determined by the Board of Trustees.
- 9. Strict attention to study, and punctuality in attendance on lectures, recitations, and other duties, will be made the condition of every student's continuance at the College, except where they are broken off by the requirements of the farm or other home demands. During their stay within the town, no student will be allowed to devote the hours of study to idleness and vagrancy.
- 10. Students are required to quietly take their places in the recitation room at the appointed times: to attend closely to the exercises of the hour—not whispering or communicating in any manner with each other—and when the exercise is over, to retire in a quiet and respectful manner.
- 11. The habit of contracting debts at stores—except for necessary books and stationery—and of hiring horses or vehicles—except on business approved by the Faculty—is strictly forbidden, nuless with the knowledge and permission of parent or guardian in writing.
- 12. The use of spiritness or intoxicating liquor is strictly forbidden, and if any student is known to have, drink, or procure the same for himself, or to furnish it to another student, or to assist an-

other student to obtain it, he shall be suspended for three months, or expelled.

- 13. A student who shall offer or accept a challenge to fight, or in any way aid, abet, or promote a duel, or upbraid another for declining to fight, shall be expelled.
- 14. Pupils are prohibited from entering into combinations under whatever pretext, for the purpose of disturbance, or for violating or evading any authorized rule or order. Any one engaging in riotous conduct, or becoming a party to an agreement to hold no intercourse with a fellow-student, or to do any act to the prejudice of good order and gentlemanly bearing, shall be suspended or expelled, according to the aggravation of the offense. Propriety of behavior is enjoined upon students at all times and places.
- 15. No pupil will be allowed to play eards, or bet, or wager money or anything of value upon games of clunce.
- 16. Each student is required, on entering the Gollege, to deliver to the Commandant of Cadets any pistol or other weapon he may have in his possession, nor is any student allowed to keep or have in his control any such weapon, neither his own nor that of any other; and anyone drawing or using such weapon against another, will be expelled.
- 17. Profaue swearing or corrupt language, and defacing the walls, will receive prompt punishment. And all offences against good morals, and all irregularities or neglects, to the prejudice of good order and gentlemanly bearing, though not herein enumerated, will be taken cognizance of, according to the nature and degree of the offense.
- 18. Cleanliness is strictly enjoined, and it is expected in every instance that male students will wait upon themselves, polish their own shoes, dust their own clothing and make their own fires. Young ladies, whether boarding at the Institution or in families in the town, will be expected to keep their rooms in perfect order, and to perform all other domestic duties that may properly fall upon them to do. These things are enjoined and expected, because one of the prime objects in view is to teach the young men and young ladies of the country the importance of self-reliance and self dependence.
- 19. No student shall be allowed to engage in any concerts, charades, exhibitions, or minstrelsies. Nor shall any student while connected with the Institution, be allowed to attend balls, or loiter about places of dissipation, or attend circuses, without the consent of the parent or guardian.
- 20. All damage to the College building, breakage of seats or window glass, shall be immediately repaired by the pupil committing the same, or by his or parent or guardian. On failure to repair or pay for the same the student shall be expelled from the school, and not allowed to enter again until the amount is paid or damage repaired.
- 21. No student is allowed to discontinue his connection with the College before the term is out, without the express consent of the Faculty. In the case of non-resident students, they will be under the ju-

risdiction of the Faculty until they leave the town. When a pupil absents himself without leave, his name will appear in the catalogue as expelled.

- 22. No male student shall be excused from the rules governing the military department except for physical disability: that they are thus excused will appear in the catalogue.
- 23. No student is allowed to smoke on the streets of the town, on piazzas, or grounds fronting the streets, on the college grounds, nor in the college rooms or halls.
- 24. Study hours, when students are required to be at their studies in their rooms, or engaged in some other duty, are from 8 a. m. to 12:30 p. m.; from 2 p. m. to 4 p. m., and from half an hour after sunset to 9 p. m. During the day on Saturdays study hours are only enforced until 11 a. m. Students are allowed to retire at 9:30 p. m., and unless on duty will never leave their rooms after 10 p. m.
